2 Read the leaflet and circle so and because.

Don't catch a cold!

It's horrible to have a cold. You sneeze and cough. Your nose runs and you can feel very tired or have a headache.

What can you do to stop getting a cold?

- Tresh air helps, so open windows and go for walks outside.
- Wash your hands often because hands which are not clean can spread colds.
- ◆ Eat a healthy diet to keep your body strong. Fruit is especially important and scientists think oranges can help because they have a lot of vitamin C.
- ◆ Get lots of sleep, because when you are tired you can get sick more easily.

If you are unlucky and do get a cold, what can you do to avoid giving it to others?

- Colds are passed on through the air, so don't cough or sneeze near other people's faces.
- Use tissues when you blow your nose or sneeze. Then put the tissue in the garbage and wash your hands.
- Don't share cups because you can pass on a cold this way too.

2 Read and circle the subordinate clauses.

People who help us Firefighters

Simon Cooper, who is a firefighter, loves helping people. We asked Simon about his job.

Where do you work, Simon?

I work in a fire station. The people at the fire station are either firefighters or people who help them. The fire station, which is near my house, is not very big and I know everyone there.

What do you do each day?

We have to wait upstairs in the fire station. Usually, we are training when we wait. When there is a fire, which happens every day, there is a loud alarm and flashing lights. Then we slide down a pole and run to the fire engine. We have to drive quickly to the fire. We use long hoses, which we carry on the fire engine, to put out the fire. My job, which can be dangerous, is also very exciting. I really love it.

What do you wear?

We wear a special uniform. The uniform, which is bright yellow, helps people see us easily.

3 Teachers and doctors help us. Write the words for each job.
