- B Read the article. Where is the world's first escape room?

ESCAPE ROOMS

magine! You are in a room with nine other people. Is it a hotel room, an old library, or even a castle? The door is closed, and you can't leave ...

Your job: find a key and escape the room. You have only 60 minutes. Is this a movie, a video game, or a bad dream? No – it's an escape room!

Every day, thousands of people visit escape rooms in cities around the world. To find the key and win the game, players answer questions and do puzzles. Players

share information and work in pairs or in groups – you need a team to escape the room!

In some games, there is only one room. In others, you travel through many rooms to escape. Sometimes there are even actors in the room to help you! Some rooms are simple, and most players escape in less than 60 minutes. But some are very difficult, and players hardly ever escape in time.

The world's first escape room is in Japan. But, today, there are more than 2,800 games in many countries.

Birthdays

🔃 Reading 🙃

- A What was the last party you went to? What did you do at the party?
- **B** Read the article. Which birthdays are special in each country?

NIGERIA

In Nigeria, the first, fifth, tenth, and fifteenth birthdays are very special. To celebrate these birthdays, people have big parties and invite up to 100 people. They eat "jollof rice." This is rice with tomatoes, red peppers, onions, and cassava, a kind of potato.

JAPAN

The third, fifth, and seventh birthdays are very important in Japan. Every year on November 15th, three-year-old boys and girls, five-year-old boys, and seven-year-old girls celebrate the *Shichi-go-san* (Seven-five-three) Festival. They usually wear traditional clothes and eat "thousand-year candy" for a long life.

BIRTHDAY TRADITIONS AROUND THE WORLD

ECUADOR

In Ecuador, a family has a big party when a girl turns 15 years old. The birthday girl wears a dress, and her father puts her first pair of high-heeled shoes on her. Then he dances with her. Fourteen other girls dance with fourteen other boys at the same time.

SOUTH KOREA

Parents in South Korea sometimes try to guess a child's future on his or her first birthday. They put the child in front of some objects, such as a book and a coin. They wait to see which object the child takes. For example, a book means the child is going to be a teacher. A coin means the child is going to have a lot of money.
