This week, we're volunteering at a panda kindergarten.

Every morning, we clean the pandas' rooms, and then we feed them. They eat a lot of bamboo every day!

Pandas also like carrots and apples. We didn't know that.

Newborn pandas are very small. They are about as light as a stick of butter. But they grow quickly.

We like watching the pandas. They really like to play. Baby pandas like to tumble, climb, and chase. They are very funny.

# B Let's read about Mt. Everest. 🐠🚟

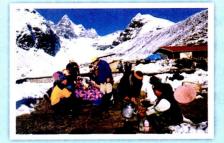

# Namaste from Mt. Everest, Nepal!

namaste = hello

We're not at the top of Mt. Everest because only mountain climbers can go there. But we can see the top!

We stayed with a host family in a small village last night. Everyone was very friendly. We ate curry and bread for dinner. It was delicious.

Summer is trekking season. It's too cold in the winter. Tomorrow, our guides will take us to the Everest Base Camp. We'll be at the top of the world!

#### What About You?

- What did you do last weekend?
  Did you go trekking in the mountains?
- Do you think you'll eat curry for dinner? What will you probably eat for dinner?

# Why Do Foods Taste Different?

You need two things to taste food: taste buds and a sense of smell.

Taste buds are on your tongue.
They help you taste each kind of flavor. Taste buds tell you that ice cream is sweet, potato chips are salty, lemons are sour, and some dark chocolate is bitter.

Your sense of smell is important, too. It helps you taste.

Try this. Drink a glass of apple juice. It will taste sweet. Then pinch your nose closed. Drink some more juice. Now you can't taste it because you can't smell it.
