

# Learning record

Write down the date when you first study a unit or section in *Oxford Word Skills Basic*, then write down the date when you study it again.

- You can do the exercises in the review units after each unit. Or do them a month later to test yourself, perhaps after you've studied all the units in that module (e.g. Basic English).
- Use a pencil to complete the exercises. Check your answers, then rub them out and do them again a week later.

## Basic English
