Long distance calls

In many countries you don't have to call the operator when you want to make a long distance call. You can call direct. In many parts of the United States, to make a call to any point in the U.S.A., Puerto Rico, or Canada, you first press "1," then the area code, and then the local phone number. For example, to call 288-5547 in Chicago, press:

1 + 312 + 288-5547

Access Code	Area Code	Local Number
1	312	288-5547

To call other parts of the world from the U.S.A., you press the international access code, then the country code, then the city code, and then the local number. For example, to call 532-9310 in Mexico City, press:

011 + 52 + 5 + 532-9310

International Access Code	Country Code	City Code	Local Number
011	52	5	532-9310

You have to look in the phone book or call the operator for the codes. To call collect or person-to-person, the access code is "0" for calls in the U.S.A. and "01" for international calls.

To use your long distance calling card, you have to press "0," then the number you want to reach, including access code, country code, and city code or area code. You will hear a "beep." You then press your personal number (which appears on your card) and your call will be charged to your account.

New American Streamline is an intensive, three-level series geared to the interests and needs of adult and young adult students of English as a second or foreign language. Its use of American language, culture, and humor makes it ideal for students of American English everywhere.

Departures is suitable for beginners and false beginners. It provides extensive coverage of the basic structures and vocabulary of American English. This second edition, which features new communicative activities and updated art and design, combines lively, natural language with everyday situations to give students a practical command of simple, spoken American English.

The material consists of 80 units, each clearly laid out on a separate page.

Also available are a comprehensive Teacher's Book, split editions of the Student Book, accompanying Workbooks, and a cassette or CD containing recordings of the material in the Student Book.
